Summary

Full Stack Developer with hands-on experience building end-to-end web applications using React.js, TypeScript, Tailwind CSS, Node.js, Express.js, and Supabase. Skilled in developing responsive user interfaces, designing RESTful APIs, and integrating databases. Proficient with Git, GitHub, Bash, and Postman for development workflows and testing. Passionate about learning new technologies, building impactful products, and creating seamless user experiences through clean and maintainable code.

Education

Jain (Deemed-to-be University) Bangalore, India

Bachelor of Technology in Computer Science and Engineering

Expected Graduation: 2027

Current CGPA (Till 5th Semester): 8.97/10

•Among the top 8% of the batch

Professional Experience

***Web Developer Intern* |**

SoniSoft **Feb 2025 –Mar 2025**

- Developed responsive and user-friendly web interfaces using React.js and Tailwind CSS.
- Built reusable UI components to improve code maintainability and development efficiency.
- Implemented interactive features and optimized user experience across different devices and screen sizes.
- Collaborated with team members to translate design requirements into functional frontend solutions.
- Participated in testing, debugging, and performance optimization of web applications while following Agile development methodologies.

projects

E-Commerce Platform (React, Node.js, MongoDB, Express)

• Built a full-stack e-commerce platform handling 500+ products with features like cart, checkout, authentication, and order history

• Optimized API performance with Node.js & Express, reducing average response time by 40%

• Integrated secure payment gateway (Razorpay) enabling 100+ test transactions during development

• Deployed and maintained web applications on Vercel, ensuring reliable production hosting and smooth delivery.

Construction Company Website Mar 2026–Apr 2026

• Built a responsive construction company portal using mobile-first development principles, featuring project details, events, job openings, and internship opportunities.

• Designed a secure admin dashboard with authentication and complete content management (Create, Read, Update, Delete).

• Integrated Supabase for authentication and backend services, ensuring secure admin access and efficient data management.

• Developed a user-friendly interface with responsive design, enabling visitors to easily explore projects, career opportunities, and company updates

Certifications

• INTRODUCTION TO ARTIFICIAL INTELLIGENCE (AI)

• INTRODUCTION TO NETWORKING

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js

Full Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), Firebase

Databases: MongoDB, PostgreSQL, Firebase Firestore, MySQL,

Tools & Platforms: Git, GitHub, Docker, VS Code, Postman, Vercel
